## ***Gift Idea Number 2.***

### ***A personal consultation on a balcony transformation***

If you purchase 2 gift vouchers (= €100), we will travel to your loved one's home within the greater Dublin area and spend time with them discussing and evaluating their balcony or urban garden.

We will take into account aspect, light, wind etc. and, most importantly, personal likes and dislikes regarding plant preferences, container type, colours etc. We will then draw up a personalised, detailed total transformation plan, incorporating innovative advice and wonderful ideas.

Click on the link to see what a difference our transformations make!
